WHOLESALE TRADE LIST

..OF..

The Elizabeth Nursery Co.,

ELIZABETH, N. J.

Office: 96 BROAD ST. Telephone: ELIZABETH 1251.

Customers are requested to state mode of shipment, express or freight, and by what route. When none is given, will forward to the best of our judgment. In no case do we assume responsibility after goods are shipped, unless for our own mistakes.

GUARANTEE.

While we exercise the greatest care to have all trees, shrubs and plants sold by us true to name and free from disease, and hold ourselves prepared to replace, on proper proof, all that may prove to be otherwise, we do not give any warranty, expressed or implied, with respect to them; any and all such goods are sold upon the express condition and understanding that in case any of them prove to be untrue to name, unhealthy or otherwise defective, we shall not be held responsible for a greater amount than the original price of the goods.

All claims for errors or deductions must be made immediately upon receipt of goods.

We cannot fill long lists for one or two of a kind at hundred rates, will charge at single rates; 25 of a kind at rate of 100, and 500 of a kind at rate of 1000.

CLEMATIS PANICULATA.

In the last three years we have been working up one of the finest, and we believe, largest stocks of Clematis Paniculata in the United States, and are offering them at extremely low prices for the quality of stock.

One of the most hardy and valuable of all the small flowering varieties. Of very rapid growth, with large shining green foliage and a great profusion of beautiful and delightfully fragrant flowers, which are borne in large panicles. Very choice, perfectly hardy, and finely adapted for covering a trellis or fence.

All Field-grown, Very Finely Rooted.
2 and 3 years old.

CERTIFICATE.

New Jersey State Board of Agriculture.

NEW BRUNSWICK, N. J., Sept. 27, 1899.

This is to Certify, That I have this 23d day of September, 1899, examined the nursery stock growing on the Elizabeth Nursery Company's nurseries, at Elizabeth, Union County, New Jersey, and have found the small fruits, shade and ornamentals apparently free from St. José Scale and other dangerously injurious insect pests; also, that the stock examined was in an apparently healthy condition. This certificate is good only for the shipping season of the Fall of 1899 and Spring of 1900, and covers only stock actually grown on the nurseries examined.

JOHN B. SMITH,
State Entomologist.
